

FATHER MICHAEL MCGIVNEY  
PARENT COUNCIL PRESENTS

# AI and the Next Generation: A Guide for Parents

Generative AI for Parents

Speaker :

**Nicholas Buccheri**

**Date: April 21st, 2026**

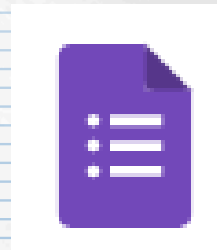

**Time:** 6:30 p.m. - 8:00 p.m.

**Location:** Father Michael McGivney  
Lecture Hall - 2<sup>nd</sup> Floor

The presentation is designed to help families better understand generative AI and how it affects our children. We will focus on practical, value based ways to use technology so that it supports student learning and well-being.

Our goal is to ensure AI becomes a helpful tool that enhances your child's growth, rather than replacing the important learning experiences that help them develop.
